FEATURE: 12v Cigarette Lighter Adapter Cord

BENEFIT: No battery to keep charged. Always have power for the RESCUE

FEATURE: High Pressure Air Compressor

BENEFIT: Inflates up to 150 PSI – car tire is filled up in 10 minutes

FEATURE: Operated with the single push of a button

BENEFIT: Unit stays on automatically until the tire is repaired and inflated

FEATURE: Replaces the spare tire

BENEFIT: Safer and faster than traditional mini spare tires

FEATURE: Built-in Pressure Gauge

BENEFIT: Makes usage safe and ensures items will not be damaged or destroyed by over-inflation.

FEATURE: Eco-friendly nano-sealant

BENEFIT: The only water-soluble sealant. Sealant can be rinsed away and the tire repaired permanently. Environmentally friendly and economical
